

PRACTICE PROFILE  
**Ap THOMAS PARTNERSHIP**

**CASE STUDY: COMMERCIAL**

**Aberdunant Hall Country Hotel.**

Description:

The Ap Thomas Partnership was employed to provide architectural services in connection with major refurbishment works at Aberdunant Hall: to adapt the old building to allow for the installation of new dining facilities and new bedrooms with en-suite facilities. The works included major structural adaptations and the installation of new services throughout whilst many of the original features were retained and form the intrinsic character of the new hotel.

The building is situated within a beautiful and dramatic landscape and it is now an established 4 star hotel; a valuable asset to the local economy.
